Together, as One Team

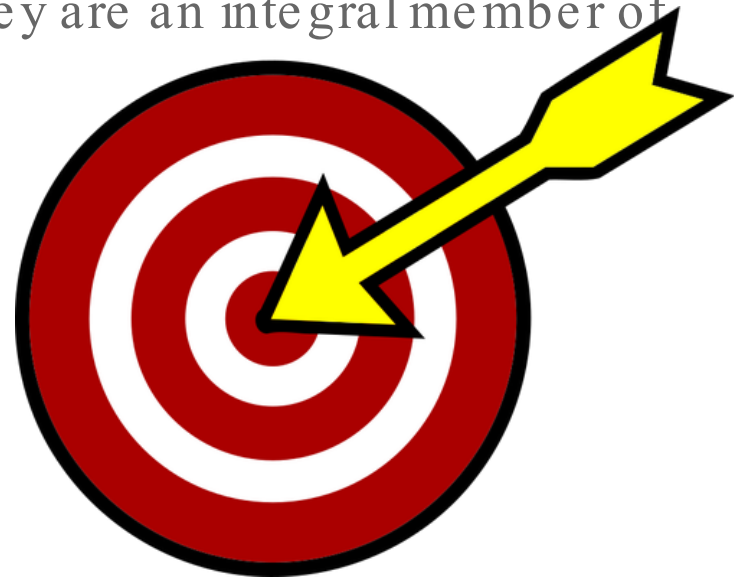

VISION: All families should hold the knowledge to understand education for their child to fully participate in their programming.

MISSION: To bridge the gap between parent, school and community and improve relationships between home and school, which empowers families to become engaged in their children's educational programming on a continuous basis by providing information and assistance through family education courses and activities

Goal (event in September 2023)

To create and offer an informative evening for families that includes a presentation of the process of SRBI and Special Education. Families will leave with a greater understanding of how they are an integral member of their child's educational team.

Objectives

Families will leave with an understanding of:

- *the various intervention programs we have to offer through SRBI
- *how to make a referral to SRBI
- *how to make a referral to special education
- *the process through a special education referral
- *what to expect in a PPT
- *how to read an IEP

Projected Outcome

Family knowledge will increase as measured by pre and post survey data

Future Intentions

Annual family event to ensure families stay up to date on current practices
