# MISSION & VISION

## VISION

All students can learn in and contribute to the Slade School Community which is safe, creative, respectful & inclusive.

## MISSION

As a result of targeted anti-bullying curriculum & initiatives, all students will attend school without the risk of being victimized by harassing/bullying behaviors and will have the awareness & skill set to combat them in productive manner.

# GOALS

**01**

Formulate a comprehensive anti-bullying campaign/ curriculum

**02**

Reduce bullying cases/ referrals over 2.3 years for Grade 6 SPED cohort

**03**

Improve Slade Middle School's overall climate and culture

# RATIONALE

- 01 ANECDOTAL DATA
- 02 REFERRAL/ BULLYING CASELOAD DATA
- 03 PARENT SATISFACTION SURVEY

Anecdotal, there is a pervasive issue of the way students have treated each other since returning from hybrid/online learning. This has been verbalized and dealt with by staff regularly. 44% of parents responding to the parent feedback survey indicated they have concerns around bullying. Identified bullying cases referred to guidance for ongoing incidence are currently 76/ 770 students or roughly 10%; of these, 4% of victims have an IEP or 504 in place which is double what is expected given 20% of students are IEP/ 504 students overall. Finally, referrals in Review 360 demonstrate a 37% incidence rate of bullying being reflected among reported infractions.
